

MUELLER MEASURE IS PASSED BY HOUSE

APPROPRIATION FOR ATTORNEY GENERAL GETS BIG MAJORITY

Vote in Lower Branch is 102 to 29, a Majority Sufficient to Pass it Over the Governor's Veto Should it Pass the Senate—Several Other Bills Are Given Approval

SPRINGFIELD, Ill., March 20.—Eight bills came out of the legislative grist mill today with the stamp of approval. Six were passed by the senate tonight and two by the house earlier in the day. Of the eight successful measures, the Mueller appropriation of \$1,037,240 to the attorney-general's office was regarded as the most important. It passed the lower branch by 102 to 29, a majority sufficient to override a probable executive veto should the senate approve it as it is. The other bills passed were: House? Roberts—Authorizing a judgment creditor to garnish the effects or estate belonging to one or more joint judgment debtors. Vote 129 to 1. Senate: Swift—Repeals the state apprentice law. Vote, 39 to 0. Smith, O. W.—Permits drainage commissioners, with consent of the county court, to purchase or build and maintain dredge boats and equipment for the construction and preservation of its drains and ditches. Vote 39 to 0.

DAUGHERTY MAKES FURTHER COMMENT ON ANNOUNCEMENT

Says There Will be No Contest for the Nomination

MIAMI, Fla., March 20.—Attorney General Daugherty commenting today on his announcement that President Harding would be a candidate in 1924, declared that his re-election without a contest was assured. "There will be no contest and those seeking to show that there will be a great fight will be forcibly disappointed," the attorney general declared. "I took the responsibility of making the announcement that president would run again without any special authority from him because I believe the country will demand his re-election. I have no doubt but that under the circumstances he would not refuse the responsibility. "The party's platform will be practically that of the administration achievements," Mr. Daugherty declared. "It will be based upon the record of the unangling of complicated war problems, the reducing of expenditures, the cutting down of the burden of taxation, the application of business principles to governmental affairs and the enforcement of the laws," he said. The president's plan for membership in The Hague court will be a factor he continued, and he said the question would be answered whether the interests of America would continue to be secure and whether she could continue to give help to the less fortunate countries. "Until the Republican national committee meets in December Mr. Daugherty will not be actively launched.

FOUR AND THREE CHILDREN BURNED

BEADTON, Okla., March 20.—Mrs. William Graham, 39, and her three children, the eldest of whom was four years old, were burned to death early today when their home on an oil lease here was destroyed by fire. Firefighters discovered the fire engulfing the house shortly after 9 a. m. had left for his work, they attempted to reach the other and babies but were unable to enter because of the intense heat. It is believed the cause caught fire from a gas stove which Graham had burning. When the bodies of the children were found in the charred remains of a small bed with their other's body at its side.

STATEMENTS ABOUT BRITISH NAVY ARE CORRECTED TUESDAY

Hughes Recalls Reference Made in New Haven Speech

WASHINGTON, March 20.—Public statements made by officials of the United States government to the effect in British capital ships to increase their battle range and defensive armament were formally corrected today by both the state and navy departments. Acting on the assurance of the British government that their information was inaccurate, Secretary Hughes recalled the reference he had made to the British naval modifications in his speech at New Haven last December, and acting Secretary Roosevelt took similar action with respect to statements he had made before congressional committees. At both departments it was indicated that the corrections had been made after the British government had called attention to effect in Great Britain of repeated reference by high public officials in the United States to change in the status of the British treaty fleet. Mr. Hughes' statement was as follows: "In my speech at New Haven on December 29, 1922, I made the following statement with respect to alterations in the British capital ships: "The result is that in a considerable number of British ships bulges have been fitted, elevations of turret guns increased and turret loading arrangements modified to conform to increased elevations. "In making this statement, I relied upon specific information which had been furnished by the navy department and which, of course, the navy department believed to be true. "The department of state has been advised by the British government categorically that no alterations have been made in the elevation of the turret guns of any British capital ships since they were placed in commission, and further that no additional deck protection has been provided since February 6, 1922, the date of the signing of the Washington treaty. "It gives me pleasure to make this correction as it is desired that there should be no public misapprehension. "Secretary Roosevelt assumed responsibility for the data used by Secretary Hughes, but declared it had been based on information believed to be reliable by the department. "The naval secretary issued the following statement: "The navy department, in the hearings before congress, stated that the elevation of the turret guns on the British capital ships had been and was being increased. This statement was based on information believed to be thoroughly reliable by the department. "The British admiralty has informed the department that this is not the case and that the elevation of the turret guns on the British capital ships is the same as when these ships were originally commissioned. This places the matter beyond further question and the department takes pleasure in correcting its previous statement in consonance with the above."

Three senate bills were reported from committee tonight with the recommendation that they be passed. One was the Glavin measure creating for two years a deep waterway commission of 9 members, four from the legislature, to be appointed by the governor. The Great Lakes-St. Lawrence project is to be investigated. Another was the Dunlap bill to require introduction in public schools of the life of Abraham Lincoln at least one hour a week during each pupil's school career. The third was the Wright bill authorizing the department of public health to cooperate with the United States health service to prevent venereal diseases.

Sixteen new bills made their appearance in the senate after the house had heard 56 presented. Senator Tri, Peoria, Ill., measure prepared by the Illinois Educational commission which would provide that the state school fund be apportioned not according to the minor population but according to teachers' days, and pupils' days in school. Senator Glenn, Murphysboro, Ill., measure appropriating \$200,000 for purchase of tracts of natural science beauty adapted for parks and Senator Jewell would amend the criminal code to make the minimum sentence for robbery five years, or if with a deadly weapon 25 years.

Identical bills are offered in the house by representative Weber, and in the senate by Senator Hughes, both of Chicago, provide for licensing of locksmiths, and regulation of manufacture and use of keys. They were prepared by Frank Comerford, Chicago attorney.

Senator Webster, Chicago, brought in a drastic bill to impose heavy bail for criminal offenses. The minimum for murder when bailable, would be \$100,000; manslaughter, kidnapping, assault or robbery with a revolver \$30,000 and other felonies \$15,000. Persons previously convicted would require bail of \$50,000. Penalties are provided for judges who violate the provisions.

The senate had a lengthy argument concerning divorce, in connection with a bill of Senator Jewell, Lewistown, to make non-support for two years grounds for divorce. Senator Dailey offered an amendment providing that a spouse whose husband had been confined in an insane asylum for five years could be divorced, and Senator Webster followed with technical changes. Finally it was decided to lay the bill over until tomorrow so the members might study the amendments.

Grand Rapids, Mich., March 20.—Hearing of the suit of John W. Hansell against the Isralite House of David, a religious colony of Benton Harbor, in which Hansell seeks to recover property and pay for his labor valued at

Defense In Riot Case Won Legal Battle

(By The Associated Press.) MARION, Ill., March 20.—The defense in the Herrin riots trial won a lengthy legal battle today when it succeeded in having the testimony of three of the eight witnesses called by the prosecution excluded while that of a fourth was taken under advisement by Judge D. T. Hartwell, who said he would render his opinion tomorrow. The testimony excluded from the ground that no connection with any of the defendants had been shown and that it was too remote to have any direct bearing on the circumstances surrounding the slaying of Antonio Mulkavich, with which the six defendants are especially charged, dealt with an attack on a truck bearing men from Carbondale to the mine of the Southern Illinois Coal company. Three farmers, George Adams, George Drew and John Bulner, were called in an effort to show that the truck had been fired upon and three of its occupants injured the morning of June 21. The state contended that this act was part of a general conspiracy and that it was followed a few hours later by an attack upon the mine itself, in the course of which three union miners were slain. Other witnesses have testified that the next morning the defendants of the mine laid down their arms under a flag of truce and a promise that they would be protected, but that they were marched out and twenty-two of the non-union workers, including Mulkavich, shot down. After succeeding in its effort to exclude the testimonies relating to the attack on the truck, the defense objected to the testimonies of Lillian Mitchell, a stenographer, and almost the entire afternoon session was devoted to a legal battle over its admissibility. Judge Hartwell finally reserving his opinion at adjournment. Miss Mitchell testified that she had been employed in a Marion insurance office managed by J. C. Hook and that while so employed she had heard Phillip Fontanetta, the youngest of the six defendants make statements which the defense contended were privileged and would "poison" the minds of the jury. Angus W. Kerr, chief counsel for the defense, declared that Fontanetta had consulted Hook as an attorney and that his communications there were confidential as having taken place between lawyer and client, Hook having previously appeared as a lawyer in a compensation case involving the defendant's father. The prosecution contended that Hook was not a lawyer as he had not been admitted to practice in Illinois, although a member of the bar in Missouri and Indiana and that he had not regarded the communication as confidential as he had testified before the grand jury. Miss Mitchell said, when questioned by Judge Hartwell in the absence of the jury, that Fontanetta had made the alleged remarks the day after the riots in a "boastful" manner and that he had not asked Mr. Hook's advice until some five days later. The prosecution asserted that Hook was now in Louisville, Ky., his whereabouts having just been learned. A previous witness for the state testified that Fontanetta had shot away part of the face of John Shoemaker, assistant superintendent of the mine, while he was lying injured on the ground. Another state witness had said that he had seen Fontanetta with a gun marching along beside the prisoners when they were taken from the mine. George Dodd, a Herrin baker, testified today that he had seen Fontanetta with a gun at the mine the morning of the killings.

Sanitary Authorities Claim Water Level is Negligible

(By The Associated Press.) CHICAGO, March 20.—Concerted action to compel the sanitary district of Chicago to comply with war department rulings limiting the amount of water taken from Lake Michigan thru the drainage canal was indicated here today following a conference of the attorney generals of the states. While statements issued by the four attorney generals of Wisconsin, Minnesota, Michigan and Indiana did not definitely bind these states to the injunction proceedings filed in federal court here by Wisconsin, they said he believed the shipping interests of his respective states were in jeopardy and that they should be protected. "The effect of lowering of the lakes is to reduce greatly the commerce carried on the lakes," said Attorney General Herman L. Ekern of Wisconsin. "Estimates have been submitted showing that every inch of reduction in lake levels results in a freight earning loss from lake commerce of from \$50,000 to \$1,000,000 per annum."

Sanitary district authorities admit that the lake level of Huron and Michigan has been lowered four inches in 23 years and that the amount of water now carried thru the drainage canal is in excess of the amount stipulated by the war department but they claim that the various variations in the water level is negligible and that the water now used in the canal is necessary to care for the sewage of the Chicago district. "I am satisfied that the action brought by the state of Wisconsin against the sanitary district trustees is a meritorious one. The question as to participation of my state in the suit, either in intervention or otherwise will depend on an investigation to be made by me later as to the effect that the diversions of water by the sanitary district has on Minnesota interests."

Confronts Great Problem. "We realize the great problems that the sanitary district confronts but in solving its needs the sanitary district should not continue its unlawful and unwarranted diversion of water. Its problems must be solved and that speedily in some other way and the manifest injury being done to lake commerce must cease as soon as may be."

Attorney General A. B. Daugherty, of Michigan, said: "In spite of the limit placed upon the quantity of water taken under the permit of the war department the sanitary district has for many years and nearly all of the time of the permit, taken more water than was allowed. This water was diverted to the damage of Michigan harbors and shores. I think it is necessary that action be taken at this time to abate this danger of damage and future damage. I believe the people of Michigan, its shipping interests and shores have vital interest in the question and would welcome an early decision of just what rights the sanitary district has in the waters of Lake Michigan and what is necessary to protect the public welfare of Chicago and its environs until such time as the city and district may be able to install a modern sewage disposal plant."

Edward M. White, assistant attorney general of Indiana, said that if investigation proved that the excessive withdrawal of water by the sanitary district proved damage to the shipping and docks of Indiana, that the state would join in trying to stop the practice.

STEAMER GOING TO AID OF TUGBOAT

Charleston, S. C., March 20.—An unnamed Danish steamer is proceeding to the aid of the tug Edgar D. Williams and her tow of two barges, according to a wireless message received here tonight. The tug with a tow of two barges is reported in distress off the North Carolina coast opposite Beaufort, N. C. The position of the steamer was not given.

SOFT DRINK MAN KILLS TWO BANDITS

Granite City, Ill., March 20.—Two bandits were shot and killed by Walter S. Nichols, proprietor of a soft drink parlor here when they attempted to hold up his place of business tonight. Nichols himself was wounded slightly when one of the robbers returned the fire.

LESTER STRIP MINE CLOSED INDEFINITELY

Herrin, Ill., March 20.—The Callorie Coal company which recently purchased the Lester strip mine at which the rioting occurred last June, resulting in deaths to twenty-six men today announced it was closing the mine indefinitely. Lack of orders was ascribed as the reason.

DECATUR CHIEF GETS BATH IN WHITE MULE

Decatur, Ill., March 20.—E. G. Allen, chief of police, received a bath in white mule here this morning when a five gallon demijohn of confected liquor exploded in the chief of police's face, showering him with broken glass and "mule." The interior of the office was not damaged by the spontaneous explosion but the aron's fingers, persistently.

CONCERTED ACTION BY FOUR STATES IS INDICATED TUESDAY

Sanitary Authorities Claim Water Level is Negligible

(By The Associated Press.) CHICAGO, March 20.—Concerted action to compel the sanitary district of Chicago to comply with war department rulings limiting the amount of water taken from Lake Michigan thru the drainage canal was indicated here today following a conference of the attorney generals of the states. While statements issued by the four attorney generals of Wisconsin, Minnesota, Michigan and Indiana did not definitely bind these states to the injunction proceedings filed in federal court here by Wisconsin, they said he believed the shipping interests of his respective states were in jeopardy and that they should be protected. "The effect of lowering of the lakes is to reduce greatly the commerce carried on the lakes," said Attorney General Herman L. Ekern of Wisconsin. "Estimates have been submitted showing that every inch of reduction in lake levels results in a freight earning loss from lake commerce of from \$50,000 to \$1,000,000 per annum."

Sanitary district authorities admit that the lake level of Huron and Michigan has been lowered four inches in 23 years and that the amount of water now carried thru the drainage canal is in excess of the amount stipulated by the war department but they claim that the various variations in the water level is negligible and that the water now used in the canal is necessary to care for the sewage of the Chicago district. "I am satisfied that the action brought by the state of Wisconsin against the sanitary district trustees is a meritorious one. The question as to participation of my state in the suit, either in intervention or otherwise will depend on an investigation to be made by me later as to the effect that the diversions of water by the sanitary district has on Minnesota interests."

Confronts Great Problem. "We realize the great problems that the sanitary district confronts but in solving its needs the sanitary district should not continue its unlawful and unwarranted diversion of water. SAYS ONLY COMMERCE COMMISSION ONLY CAN SAVE C. P. & ST. L. ROAD

This Declaration is Made by Congressman Henry T. Rainey Before Senate Committee in Springfield Tuesday—Mayor Crabtree Also Appeared Before the Committee

SPRINGFIELD, Ill., March 20.—Speaking this afternoon before the senate committee on transportation survey, Congressman Henry T. Rainey, of Carrollton, asserted that the interstate commerce commission was "the only power on earth" that could rejuvenate the Chicago, Peoria & St. Louis railroad and continue it in operation. Bond holders have asked that the road be abandoned because of financial losses. Mr. Rainey suggested zoning and grouping of railroads in this section of the midwest, as the best solution of its transportation problem. He proposed, for instance, that the Chicago, Rock Island & Pacific be required to ship its freight destined to St. Louis from Chicago, to Peoria and thence to St. Louis over the C. P. & St. L. The present route, he said, is by way of Kansas City.

Having asked if there were present at today's hearing any representatives of the receivers of the C. P. & St. L. and receiving no reply, Congressman Rainey denounced the receivers and said they should be brought before a court for contempt. At a recent similar meeting in Washington, he said, they also had failed to send representatives.

Mayor Crabtree of Jacksonville another speaker, said there would be other cases similar to the Peoria road's in the next three years unless some conservative program was found. "We want the railroad, the interurban, the hard road, the automobile and the truck, but if possible we want to find a way that they will not hurt each other," he declared. The hearing on the C. P. & St. L. will be continued next Tuesday.

ATTEMPT TO BRIBE WITNESSES SHOWN IN LIQUOR CASES

Prohi Agent Explodes Bombshell in Gary Liquor Trial

(By The Associated Press.) INDIANAPOLIS, Ind., March 20.—Testimony intended to explain the apparent unwillingness of certain government witnesses to give important testimony during the last few days was introduced in the Lake county liquor inquiry in federal court here today. William Hayes, a federal prohibition agent, testified that for the forenoon recess, that he had heard a conversation in a wash room of the federal building in which Andrew Wytow, former member of the Gary police force and a defendant in the case, had said: "We didn't get to those witnesses soon enough."

The testimony caused a furor in the court room and attorneys for the defense made frantic efforts to have it stricken from the record, but Judge Ferdinand A. Geiger, ruled that the evidence was admissible, adding "it speaks for itself."

Alex Mourcatis, proprietor of a Gary gambling house and a witness for the prosecution, testified that Wytow and Nathan Potts, also a policeman, demanded money from him for protection in selling liquor at his place. He said he was already paying out a large sum for the gambling privilege and refused to pay the additional amount. A short time later he was arrested by the two officers, the witness declared.

Much of today's testimony in which 22 witnesses for the prosecution were examined centered about the attempted "shake down" system by which attorneys and officials in Gary are said to have extracted large sums of money from persons charged with violation of the liquor laws, by keeping the cases out of court and securing suspension of jail sentences.

District Attorney Elliott in a statement after today's hearing, said he attached little importance to the threatening letters received concerning the conduct of the present trial.

SETTING READY FOR NEW ROAD CONTRACT

Walter Lonergan is now engaged in changing his road contracting equipment to Winona, in the northern part of the state, where he has a contract for 13 miles of hard road. Mr. Lonergan already has 79 carloads of cement in storage for this work and other supplies are being assembled as rapidly as possible.

Here's a fisherman in a canoe. Fish are leaping out of the water behind him, but he will paddle to the far side of the lake before he throws his lines. The fisherman always imagines that the fishing must be better across the lake or farther upstream.  
In drawing this pen-picture, Artist Satterfield symbolizes human nature. We are rainbow chasers, obsessed with the idea that things are much better at a distance. So the farm boy yearns for the city. And the city boy yearns for another town.  
An amateur wireless bug in Newark, N. J., writes to his local paper, wants to know how he can pick up concerts from the Pacific Coast.  
On the Pacific Coast the wireless bug wants to pick up New York.  
No matter how good may be the concerts that a radio bug hears from his own or nearby towns, he is forever trying to pick up a concert from farther and farther away. After he gets everything in the United States, he wants to hear other countries' stations.  
This craving for the distant is to some extent inherited from our nomadic ancestors who moved from place to place, seeking a location where they could live without working.  
It's this same craving that gives us our uneasy restlessness when spring approaches. We want the distant, the other side of the hills. Alas, too often we're like the fisherman, paddling to a distant spot when the best fishing is right at home.

**INTEREST CONTINUES IN UNION REVIVAL**

Strong Sermon Tuesday Night by Rev. T. H. Tull—Several Ministers Took Part in Service.  
One of the largest congregations listened last evening to a strong sermon delivered by Rev. T. H. Tull, pastor of Grace M. E. church. For a text he used the words: "If any man be in Christ Jesus he is a new creature; old things have passed away, behold, all things are new."  
At this service which was well attended, Rev. G. W. Randie presided, and Dr. Thomas W. Smith led in prayer. The scripture lesson from John 3rd chapter was read by Rev. W. H. Marshall. As a feature of the music Mr. Robert Shoemaker sang "Out of the Depths Have I Cried Unto Thee." The ushers for this service were H. C. Clement, Dr. Charles Hopper, Bascom Lair, George T. Douglas and William H. Self.  
The minister's remarks were based on the story of Paul's conversion. First he considered the factors in Saul's conversion, the lessons he learned, and the results that then characterized his life.  
Considering the factors in conversion, Mr. Tull said "Men and women are often influenced by others in changing their manners and morals. The persecutor Paul became the apostle Paul chiefly thru the influence of Stephen, and it is not too much to say that the world owes Paul to the prayers of Stephen.  
The minister said that the presence of the spirit of Jesus was also a mighty factor in the conversion of Saul. He went on to show that the greatest truths of this life are not discovered by the human mind but are revealed to men by the spirit of God.  
Paul also discovered thru his conversation the real character of Jesus. No longer did he consider Jesus as a blind leader of the blind a mistaken prophet, but he came to know him as Jesus, the Son of God. It was thru his conversion too that Paul learned about his life work and from the day that he met Jesus on the Damascus road his life work was settled. Hardly had he received the vision when he asked, what will thou have me to do?"  
Then Mr. Tull suggested that another result of Paul's change of life was the need he felt of joining the church, and he soon went to Jerusalem for fellowship "What will thou have me to do?" then disciples.

**KNIGHTS TEMPLAR HAD SPECIAL EVENT**  
Past commanders night was observed by Hospitalier Commandery Knights Templar Tuesday, when the order of the Temple was conferred. A splendid supper was served by the ladies of the Eastern Star at 6 o'clock and the very interesting session followed, with past commanders giving the work.  
**2000 MEN'S Spring Style HATS, \$3 to \$15 at FRANK BYRNS Hat Store.**

**EAST SIDE STORE WILL PASS TO NEW OWNERS**

Hopper and Hamm Will Succeed to the Business of Johnson-Hackett & Guthrie—Change is Effective April 1st.  
By the terms of a contract agreed upon Tuesday the stock of the firm of Johnson, Hackett & Guthrie will on April 1 pass to the ownership of Fletcher Hopper, and Cass Hamm. The new firm has leased the building, which is owned by Mr. Johnson, for a period of years and the owners to do some extensive remodeling work.  
Thru the years an extensive business has been carried on by Johnson, Hackett & Guthrie and various factors in addition to the death of Mr. Guthrie led to the determination to sell. Mr. Johnson is to retire from business and will spend part of his time in the south, where he finds the climate very helpful.  
Mr. Hackett will continue for some months in closing up the firm's affairs and after a period of rest will probably engage in other business, altho his plans have not been announced.  
Mr. Hopper, who is a member of the firm of Hopper & Sons, will leave that establishment and devote all of his time to the turn-out business. The same will be true of Mr. Hamm, who has been for nearly twenty years with Andre & Andre.  
Both Mr. Hopper and Mr. Hamm are seasoned business men and while the establishment they have purchased has been doing a very satisfactory business, the new owners expect to extend and increase the volume.  
The remodeled building will afford the greater display space and various improvements are contemplated.  
The Johnson furniture store was established by W. B. Johnson, father of John L. and C. A. Johnson, back in 1866, on the east side of the square. This store, along with the others, was destroyed by fire in January 1877. After the fire the store was reopened on a larger scale than before and John L. Johnson became associated with his father in the ownership.  
It was in 1883 that Mr. Hackett purchased the interest of the elder Mr. Johnson and the firm name became Johnson & Hackett. A few years later Johnson & Hackett purchased the interest of Mr. Duffy in the rug and drapery business owned by Guthrie & Duffy. At that time the firm name became Johnson, Hackett & Guthrie.  
The business has been conducted along lines which have given the store an enviable reputation and Messrs Hopper & Hamm feel that they have made a fortunate purchase. Earl B. Wiswell was the broker who negotiated the sale.

**2000 MEN'S Spring Style HATS, \$3 to \$15 at FRANK BYRNS Hat Store.**

**TOO LATE TO CLASSIFY**  
FOR SALE—One Ideal steam heater furnace No. 8-21-6, one No. 55 hot air furnace, also some wreckage from the buildings that are being wrecked on east side of public square. Call at building during day, 3-21-23.

**CHUGGING ALONG**  
Ozona, Texas.  
When Lizzie departed her pain fairly shone,  
No flivver had more metropolitan tone,  
But now, oh, it's awful how shabby she's grown,  
Yet still she keeps chugging along,  
Going strong,  
Cheerfully chugging along!  
Her wheels and her tenders are covered with muck  
Of one dozen states, and she looks like a truck.  
But still, with her most undeniable pluck,  
Miss Lizzie keeps chugging along!  
New York and New Jersey and Maryland, too,  
The two Carolinas, Virginia—well, you could see, if you saw her, what travel can do,  
Though Lizzie keeps chugging along,  
Like a song,  
Peppily plugging along.  
There's mud and there's dust Alabama supplied,  
We carry much Georgian soil as we ride,  
With mud Mississippi took care to provide,  
As Lizzie went chugging along,  
From Louisiana there's sticky black stuff,  
There's Arkansas clay, which is gluey enough,  
But though half the roads have been sticky or rough,  
Miss Lizzie keeps chugging along.  
The black mud of Texas, the dust of her plains,  
Is plastered on Lizzie—and there it remains,  
But still, though she's worn out some three sets of chains,  
Miss Lizzie keeps chugging along,  
Going strong,  
Happily chugging along!  
Her curtains are fastened with string and with pins,  
She rattles and squeaks as each new day begins,  
And yet on her journey she merrily spins,  
Miss Lizzie goes chugging along.  
No road is too rough and no mud is too deep,  
From crag unto crag she will merrily leap,  
At times she can race, and at times she must creep,  
But Lizzie goes chugging along.  
Yes, somehow she gets there, she'll plough and she'll climb, she'll plough and she'll climb,  
When big cars lie down in the snow or the slime,  
And we'll get to Frisco O. K. and on time,  
As Lizzie keeps chugging along,  
Going strong,  
Consistently chugging along.

**COUNTY HAS TANK FOR OIL STORAGE**

The county board yesterday received from Decatur a steel tank for the storage of road oil. The tank which has a capacity of 23,000 gallons, is to be placed in position on a side track near the building that the county board purchased last year from the Illinois Steel Bridge company on East Independence avenue.  
Supt. of Highways L. V. Baldwin will supervise the placing of the tank and desired its purchase in order to make possible the storage of at least two cars of road oil.  
The oil will be pumped from the cars into the tank. In the past the lack of any storage capacity has frequently caused some very heavy expenditures for car service. The building the board purchased for the county last year is used to house the trucks and machinery that the county uses in its road work. Without this storage place the valuable equipment would deteriorate rapidly.  
The board has also followed the plan of having necessary work on the machinery done there instead of sending it to different shops, and very considerable savings in expense have thus been made possible.

**URANIA LODGE WILL HOLD GOOD PROGRAM**

Open Meeting for Friends and Members of Order to be Held Thursday Evening — I. W. C. Girls Will Present Two Plays.  
The Dramatic club of the Illinois Woman's college will present two short plays in Odd Fellows hall on West State street, Thursday evening, March 22, for the entertainment of the Odd Fellows, their wives and families and Rebekahs.  
The young ladies of the club are students under Miss Ida B. Davis, director of public speaking in the college, and are rendering some of the latest plays and getting practical experience in their work.  
There has been a desire on the part of Urania lodge for some time to set apart an evening for the entertainment of the wives of the members, their families and friends, and the coming meeting has been arranged for that purpose.  
After the plays, a social time will be the order of the evening and light refreshments will be served to all. The committee in charge of the affair—William E. Thomson, Byron Stewart and Henry Mason—have made arrangements for the entertainment of a large attendance, and believe that an enjoyable time will be had by all.  
The first play to be given is entitled, "In America," with the following cast of characters: Mr. Espenham — Miss Josephine Rink.  
Mrs. Espenham — Miss Ethel Morris.  
Hilda, the Maid — Miss Irene Mallenston.  
The second play which the girls from the college will present is "In the Spring a Young Man's Fancy." The cast is as follows: Mrs. Jack Hilliard, a chaperone — Miss Harriet Munson.  
Jean Laurens — Miss Frances Brown.  
Jacqueline Vance — Miss Lola Lesar.  
Jo Struthers — Miss Marie Barton.  
Julia Osborne — Miss Edith Gillespie.  
Janet Mason — Miss Lettie Steady.  
Marie, a maid — Miss Ruth Elizabeth Reech.  
Vicky Trent, the Young Man — Miss Edyth Hall.

**MT. EMORY REVIVAL**

The Mt. Emory Baptist church was filled to its capacity Tuesday evening to hear Rev. Herman Gore preach one more strong Gospel sermon. It was the night prior to the closing and all are anxious to hear him as often as possible.  
Rev. Mr. Gore took for his text, "My son, the Lord will provide," Gen. 22:8. His subject being "Faith."  
In the discourse the evangelist beautifully portrayed the life of Abraham and Isaac and how Abraham manifested his faith in God, believing that he would provide a lamb for him in time of extreme sacrifice. He said in the same way, God will provide for those who will trust in Him and life for Him. At the conclusion of the sermon four came forward and united with the church. Wednesday night will close the revival and Rev. Mr. Gore is very anxious to save as many out of church as possible. We hope the church will be packed to hear Rev. Mr. Gore preach his final sermon, and along with it some are out of Christ will be saved. All are made welcome.  
Mrs. James Dougherty was a local shopper from Beardstown Tuesday.

**QUINCY FIRM BUYS COCKING PLANT**

W. H. Cocking has sold his bulk service station located on Webster avenue to the Richardson Oil Co., of Quincy, possession to be given April 1. A. A. Richardson was here to complete the transaction with Mr. Cocking.  
The Richardson Oil Co. was organized in Quincy about thirty-five years ago and in addition to handling gasoline engages in the manufacture of greases and certain oils. Several years ago the company sold out to the Sinclair Oil Co. More recently, however, the company has followed an expansion program and now has bulk or service stations at Barry, Pittsfield, White Hall, Roadhouse, Camp Point and Winchester.  
It is the intention of the company to sell gasoline to some of

the Jacksonville service stations and also in territory which can be reached by truck from Jacksonville. Oils and greases will be pushed in the same territory, and it is Mr. Richardson's intention to make this an important distributing station in the company's affairs.

ONVILLE CAMP  
REGULAR MEETING

Onville Camp No. 912 Woodmen held its regular Tuesday evening with a attendance. Edward H. was elected as advisor of to fill the vacancy caused by the death of Paul L. Whitely. Also were discussed for

the big class adoption to be held the last of April when it is expected to initiate a class of 500 from all parts of the county. Several candidates were adopted last night by the camp for this class.

Following the meeting the members adjourned to the Ransom cafe where a luncheon was enjoyed.

REV. M. L. PONTIUS MADE  
TALK AT WINCHESTER

Addressed Fathers and Sons of Christian Church at Annual Banquet Tuesday Night—Observer News Notes from Winchester.

Winchester, March 20.—The annual fathers and sons banquet of the Winchester Christian church was held Tuesday evening in the church basement. The principal speaker of the evening was Rev. M. L. Pontius of Jacksonville, who gave a splendid address, full of inspiration and worth while thoughts.

The banquet was served by the women and girls of the church, the menu including baked chicken, mashed potatoes, gravy, cabbage salad, mixed pickles, hot rolls, jelly, pie with whipped cream and coffee. A large number attended the banquet and the occasion proved a very pleasant one for all.

**Is Given Surprise**  
Mrs. F. R. Waters was given a very pleasant surprise Monday evening by the members of the Pollyanna class of the M. E. church, of which she is a member. The affair took place at the home of Mr. and Mrs. Paul Markille, and Mrs. Waters was taken altogether by surprise when the ladies arrived, bringing with them well filled baskets. Progressive rook was enjoyed during the evening, and following the serving of refreshments Mrs. Waters was presented with a pair of silver candlesticks.

Mrs. Waters and her daughter expect to leave soon to join Mr. Waters in Minnesota, where the family home is to be established.

**News Notes**  
John Leib was a business visitor in St. Louis Monday and Tuesday.

Mr. and Mrs. Bert Couitas and Miss Opal Welch of Jacksonville visited relatives and friends here Tuesday.

Grant Mader and son Howard were visitors in St. Louis the first of the week.

Opal Taylor of Jacksonville was a business visitor here Tuesday.

ONE KILLED, FIVE  
ARE INJURED IN  
MINE EXPLOSION

Blast at Mulberry, Kansas, Brings Death in Its Wake

(By The Associated Press)  
PITTSBURG, Kans., March 20.—One miner was killed and five others injured in an explosion late today at the mine of the Thompson, Roberts and Gesslein coal company at Mulberry, fourteen miles northeast of here.

The cause of the explosion has not been learned tonight.

The six men were the only ones in the mine at the time of the blast.

Thomas Pearson is the dead miner. The injured are Shelton Reeder, Lorren Reeder, Dick Medland, Ed Reeder and Dave Currans. Although these men were severely burned, physicians said they all probably would recover.

MANDEVILLE SALE  
WAS WELL ATTENDED

The public sale held by Thomas A. Mandeville at his farm two miles west of Woodson Tuesday was well attended and fair prices were obtained for every thing sold. The sale amounted to about \$2,000.

The horses sold as follows:  
Bay team, Dennis Reardon, \$145.  
Brown horse, Sam Butler, \$60.  
Black colt, Carl Warner, \$60.  
Sorrel mare, William Morrissey, \$40.  
Brown horse, Harry Tarzwell, \$70.  
Gray team, Miles Fitzpatrick, \$162.  
Grey horse, Miles Fitzpatrick, \$67.  
Span mules, John Mandeville, \$275.

The cattle brought fair prices:  
Cow, J. L. Henry, \$40.  
Cow and calf, Orville Madison, \$45.  
Cow, Harry Tarzwell, \$30.  
Calf, Harry Tarzwell, \$25.  
Steers, Sam Dean, \$32 each.  
Two calves, John Ward, \$14 each.  
Cow, M. Zachary, \$56.  
Cow, John Carrigan, \$60.  
Two sows were sold to Pat Dowling, at \$40 each.  
Clover hay brought 59 cents a bale and oats straw 25 cents a bale.

The farm implements sold for fair prices.  
Auctioneers, J. L. Henry and Joe Lawless, clerk, Frank Flynn.

WELL KNOWN RESIDENT  
SUMMONED BY DEATH

Martin Sullivan Passed Away Tuesday Evening at Family Home on Hardin Avenue—Funeral Plans Not Completed

Martin Sullivan, a well known resident of Jacksonville, died at the family home, 138 Hardin avenue, at 5:45 o'clock Tuesday evening. Mr. Sullivan had been in poor health for the past year and his condition for a week past had been regarded as serious.

Deceased was born in Chittenango, N. Y., July 23, 1869. He spent the early part of his life in New York and received his education in the schools there. In early manhood he became a construction foreman and for a number of years followed this occupation. However, he had for some time been unable to attend to active duties because of failing health.

He is survived by his wife and three daughters, Kathryn, Mary and Clara Sullivan. Two children, Evelyn and John, preceded him in death. One brother, Roger Sullivan, also survives.

The deceased was a faithful member of the Church of Our Savior and of the Knights of Columbus order.

The arrangements for the funeral have not yet been made.

**Special Convocation of Jacksonville Chapter No. 3 R. A. M. this evening at six o'clock. Work. Visiting Companions welcome.**

**IN MEMORIAM.**

In memory of N. Raymond Smith, who departed this life one year ago today, March 21, 1922:

Days of sadness oft come o'er me,  
Tears in silence often flow.  
Love shall always keep you near me.

Thou who left one year ago,  
Never shall you be forgotten.  
Never from my memory fade,  
And my heart shall always linger

Round the grave where you were laid.  
—Mother.

MURRAYVILLE CLUB  
WILL MEET TODAY

Domestic Science Club to Have Meeting This Afternoon Followed by Social

Murrayville, March, 20.—The Murrayville Domestic Science club will hold a meeting Wednesday afternoon at the home of Mrs. J. T. Warcup, followed by a social in the evening. The husbands of the members are to be the special guests during the evening and an interesting program has been arranged.

The afternoon program will open with the singing of "Blest Be the Tie That Binds," by the assemblage. The balance of the program follows:

Roll call—Suggestions on bed making.

Paper, "The Necessity of Effort"—Mrs. J. L. Solomon.

Paper, "Mother, a Magic Word"—Mrs. R. D. Mawson.

Demonstration—The Hostess. It is the custom of the club to hold social gatherings at stated intervals and it was determined to hold the meeting and the social on the same day this month. The husbands of the members will be invited to come at 6:30 and after the serving of refreshments there will be a program.

Your Health is at Stake if  
You Suffer from Constipation!

Every man, woman and child who has constipation or constipation symptoms should leave no stone unturned to get instant relief! Keep away from the dangers of pills and cathartics, which are almost as much to be dreaded as constipation itself. Your physician will recommend Kellogg's Bran because it is ALL BRAN—and it is Kellogg's Bran that will give permanent relief if eaten regularly.

Most cases of Bright's and diabetes can be traced to constipation; in its milder form constipation is responsible for sick headache, nausea, pimples, sour breath, etc. And, we say right here—and guarantee what we say—that Kellogg's Bran, if eaten regularly, will give you permanent relief.

Kellogg's Bran is wonderful as a food as well as wonderful as a natural means of relieving constipation. Kellogg's Bran contains important mineral salts; it contains elements that are necessary in making bone, tissue and blood—yet, it acts as a sweeper, cleanser and purifier.

Eat Kellogg's Bran as a cereal. You'll enjoy its nut-like flavor. Or, sprinkle it on or mix it with hot or cold cereals. Many like it cooked with hot cereals. Two tablespoonfuls of bran should be added in each instance. You have missed much news to have eaten Kellogg's Bran made into muffins, raisin bread or many other bakery batches. Recipes on every package. Prominent hotels, restaurants and clubs serve Kellogg's Bran in individual packages. Grocers sell Kellogg's Bran.

## WOODSON CLUB WOMEN IN SESSION TUESDAY

Woman's Club Members Entertained at Home of Mrs. Carl Gordon—Other Woodson News

The members of the Woodson Women's club held a regular meeting Thursday afternoon at the home of Mrs. Carl Gordon. Besides a goodly number of members, the following guests were present: Mrs. R. R. Jones, Mrs. J. M. Cunningham, Mrs. A. E. Cline, Mrs. Nettie Ezard. The program of the afternoon included the following:

Paper, "Education in Russia," Mrs. Carl Gordon.

Paper, "Evening," Mrs. Earl Hembrough.

Monologue, "Me and My Downtrodden Sex" — Mrs. Fred Henderson.

Vocal number—"Ireland must be Heaven for My Mother Came From" There—Mrs. Edward Gallagher.

Reading, Mrs. Clark Combs.

Reading, "Keep Smiling" — Mrs. Bert Spainhower.

After the program refreshments in keeping with St. Patrick's day were served by the hostesses, Mrs. William Craig, Mrs. William Colton, Mrs. Jack Stein-

metz and Mrs. Bert Fitzsimmons. The next meeting will be on April 17 at the home of Mrs. William Craig of Woodson.

News Notes.

Mr. and Mrs. William Rook, who have been spending the past few weeks in Hot Springs, Ark., and also in St. Louis, have returned home.

Mr. Rook is somewhat improved in condition. George Staples is confined to his home with an attack of the grippe.

Bert Fitzsimmons is on the sick list.

Donald Cunningham, a freshman in the Jacksonville high school, is at home this week on account of illness.

Dr. R. R. Jones went to Springfield Tuesday for a visit with his brother Charles Jones.

Dowland Megginson left last week for Valparaiso, Ind., to take a three months course in telegraphy and wireless.

Mrs. J. W. Hoagland received the sad news of the death of her brother, James Dorwart, in Roadhouse.

ALEXANDER John Colwell and Robert Saylor were Springfield visitors Tuesday.

Miss Anne Henriksen left Monday night for Springfield after a stay of several days at her home in Alexander.

## BULLETS AND NOT BALLOTS IS CREED OF COMMUNISTS

Witnesses So Testify at Foster Trial Now Under Way

(By The Associated Press) ST. JOSEPH, Mich., March 20.—Flamboyant appeals by communists writers for "armed action" not armed phrases, alleged to have participated in Herrin, Illinois riots and a call for bullets—not ballots—featured today's session of the trial of William Z. Foster, charged with criminal syndicalism.

The state with the assistance of its star witness, Francis Morrow, who as K-97, a department of justice agent attended the communist convention in the hills near here last August as a delegate, put into the record a mass of speeches, and writing of communists in this country and the entire thesis and resolutions of the third world congress of the communist international held at Moscow in 1921.

Frank P. Walsh, chief counsel for Foster, fought the introduction of every piece of evidence but time and again his objections were overruled by Judge Charles White Morrow's testimony delved into the inner workings of the convention last summer.

He testified that Foster was present from Friday, August 18, to Sunday, August 20, leaving Sunday morning a few minutes after two other federal agents, Joseph Spolansky and Edward Shanahan, had been discovered prying about the grounds.

The Dokays kept Seymour so well covered that he only made one basket. It was a battle royale though and time and again it took two or three men to stop the Franklin midget. Zell usually a fine basket shot was off last night. He missed a number of good shots after having the ball fed to him that had they gone true might have changed the result.

Woods of the Elks played an excellent game at center and also was strong on defense. Harry Cain also played a good game but not so strong as against the Yankees. Covey, and Howard Reynolds also played a fine defensive game for the Dokays.

The game between the Yankee Five and Knights of Columbus for third and fourth places was an interesting game during the first half. However, during the second half the Yankees got to zinging and walked over their opponents, winning the game by a score of 37 to 19.

For the Knights Zell played an excellent game and made all of the Knights' points, except a lone basket by Devlin. McGee, Savage and Murgatroyd scored all of the Yankees' points. Pulasky for the Yankees and Doyle for the Knights both played good games at back guard for their teams. The scores:

RADIO EXPERTS MET IN WASHINGTON

(By The Associated Press) WASHINGTON, March 20.—Experts in the radio field, the government officials concerned in its extension met here today at the call of Secretary Hoover to consider various problems that have arisen, particularly relative to eliminate interferences in broadcasting to the public. After preliminary presentations of views by the government representatives, officials of radio associations, manufacturers and broadcasting station operators, the conference went into executive sessions for consideration of a new scheme of alternating bands of wave lengths.

Failure of the last congress to enact regulatory legislation Secretary Hoover said at the outset of the conference, has made necessary voluntary cooperation and administrative assistance to establish control. The objective, he said, is to guard against taking steps which would hinder the development of an infant science, and extend the usefulness of a service which, he said, already has enlisted 588 broadcasting stations and as many as 2,500,000 private individual receiving stations.

## Dokays Again Win City Championship

Playing a consistent game both offensively and defensively, the Dokays again won the city title by defeating the Elks in David Prince gymnasium Tuesday night, the final score being 17 to 12. The Yankees romped on the K. C. by a score of 37 to 19 for this place.

The game was one of the best independent games seen in Jacksonville. Both teams travelled at top speed but despite this the game was clean, over anxiety causing most of the fouling. Only one man went out on fouls, Dave Smith of the Dokays being retired late in the second half.

It was a good game for the spectators and the players were frequently applauded for their brilliant work. The game was a nip and tuck affair in the first quarter, the score being 3 to 2 in favor of the Elks. The score at the half was 8 to 3 in favor of the Dokays. At the beginning of the second half the Dokays began to draw away and the Elks fought valiantly they were unable to overcome the lead.

The game was marked by close guarding on the part of both teams. Dick Reynolds at back guard for the Elks played a wonderful game and compelled the Dokays to score most of their baskets from the middle of the floor.

It was the accuracy of Jones of the Dokays that finally gave his team the victory. He made six field baskets, nearly all of them were long tosses. Struck got one basket and Kennedy made the other one for the Dokays.

The Dokays kept Seymour so well covered that he only made one basket. It was a battle royale though and time and again it took two or three men to stop the Franklin midget. Zell usually a fine basket shot was off last night. He missed a number of good shots after having the ball fed to him that had they gone true might have changed the result.

Woods of the Elks played an excellent game at center and also was strong on defense. Harry Cain also played a good game but not so strong as against the Yankees. Covey, and Howard Reynolds also played a fine defensive game for the Dokays.

The game between the Yankee Five and Knights of Columbus for third and fourth places was an interesting game during the first half. However, during the second half the Yankees got to zinging and walked over their opponents, winning the game by a score of 37 to 19.

For the Knights Zell played an excellent game and made all of the Knights' points, except a lone basket by Devlin. McGee, Savage and Murgatroyd scored all of the Yankees' points. Pulasky for the Yankees and Doyle for the Knights both played good games at back guard for their teams. The scores:

Center Woods, Elks; Rolf, K. C. Guards Jones, D. O. K. K.; Reynolds, Elks; Cain, Elks; Pulasky, Yankees.

MURDER MYSTERY IS SOLVED THRU BOY'S CONFESSION

Springfield Police Say Oliver Cole Confessed to Crime

(By The Associated Press) SPRINGFIELD, Ill., March 20.—One of Springfield's recent murder mysteries was solved today when Oliver Cole, 17, of Springfield confessed, the police said, to the murder last October of Henry G. Underwood of Central.

Underwood was found unconscious on a downtown street and died October 22, without regaining consciousness.

Cole struck Underwood over the head with a brick and robbed him, according to his story to the police. The confession followed the arrest of Cole and his companion, William Hickson, for robbing a school. Hickson turned informer on Cole.

JUI JITSU CLASS FOR GIRLS Honolulu, T. H.—(By The A. P.)—The Japanese high school here has opened a class in jui-jitsu for girls. This step was taken because of the many recent reports of assaults upon women and girls in Honolulu, and from the results that are being obtained from the instruction in the Japanese art of personal protection. It is believed that the next person who attempts to molest a Japanese girl will meet with a severe reprimand.

Graduates from the course are expected to be able to defend themselves against the attacks of much larger persons and to inflict swift counter-punishment. The small statue of the Japanese girl is expected to be no handicap. More than 40 girls are enrolled in the class.

There's a Thrill in Playing Music You Cannot Get From Listening!

One thing is sure—you'd rather play music, personally, than just listen. With the Gulbransen you CAN play good music, yourself, just as you want to play it; it's easy. Instruction Rolls are provided. All the family will quickly become expert.

All the fun without long practice. All the joy without hard work. All the music that you long for, played with feeling and effect.

TRADING SUSPENDED IN PIGGLY WIGGLY STOCK YESTERDAY

Board of Governors Take Hand After Price Fluctuations

(By The Associated Press) NEW YORK, March 20.—Trading in class "A" common stock of Piggly Wiggly stores, Inc., was suspended by the board of governors of the New York Stock Exchange late today after one of the most violent price fluctuations in stock exchange history.

The stock closed last night at 72, opened this morning at 75, dropped to 74 1/2 and then rose perpendicularly to 124 often jumping several points between sales. From the high point it dropped, also perpendicularly to 82, where it closed at a net gain of 10 points on the day.

Jesse Livermore, famous stock market operator, who had been engaged last December by Clarence Saunders of Memphis, Tenn., president of the company to maintain a market for the stock issued a statement tonight saying that Mr. Saunders had abruptly terminated Mr. Livermore's authority to act for him at 11 o'clock this morning and that he (Livermore) had immediately cancelled all orders in the market and ceased operating in the stock.

While official comment was withheld during the day by Mr. Saunders, it was reported that he had decided to "squeeze" the short interest by calling for delivery of 42,000 shares of the stock which had been sold "short" thru the local and Chicago markets.

SEVERAL INJURED IN TRAIN WRECK

Excelsior Springs, Mo., March 20.—Several persons are reported to have been injured when Wabash passenger train No. 9, due in Kansas City from St. Louis at 9:50 o'clock tonight collided with a Wabash freight train at Excelsior Springs Junction. Physicians from Excelsior Springs were rushed to the scene of the collision. The train proceeded to Kansas City late tonight with the injured.

CHILD FELL DOWNSTAIRS

Billy, the two year old son of Mr. and Mrs. James Galtens of 514 North Fayette street, fell down the basement stairs at his home yesterday and was painfully injured. The force of the fall was such that the child was rendered unconscious for a time. Dr. C. E. Cole was summoned and gave the necessary medical attention and it is hoped that the accident will have no serious results.

## Now a QUICK Quaker Oats

Cooks to perfection in 3 to 5 minutes

## The Secret Of quick-cooking oats

Now there's a Quick Quaker Oats, Mrs. Housewife. It is the quickest cooking oats in the world. It cooks in from 3 to 5 minutes, and cooks as well as an hour would cook it.

Ask your grocer for Quick Quaker if you want this style.

Thin flakes, partly cooked

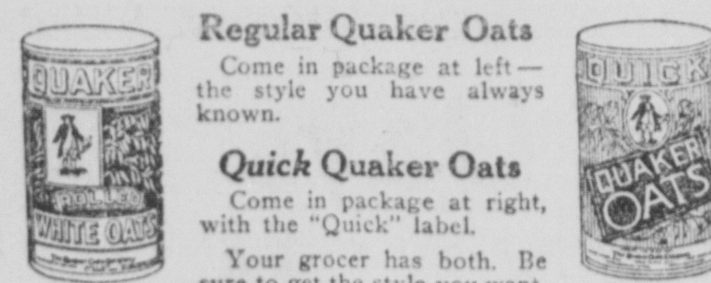

The difference is this: In Quick Quaker the oats are cut before flaking. They are rolled very thin and are partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

That same super-flavor

All Quaker Oats are flaked from the finest grains only—just the rich, plump, flaky oats. All the flavorless grains are discarded. So we get but ten pounds of these cream oats from a bushel.

That's why Quaker Oats dominates. Millions of mothers, all the world over, insist on this extra flavor, so their children will love oats.

That flavor is in Quick Quaker the same as in regular Quaker. So you always get it in the style you like best.

## Strawn's Crossing Club Met

The members of the Strawn's Crossing Country Club were entertained Tuesday afternoon at the home of Mrs. Everett Armstrong east of the city. There was a fair attendance of the members and several guests were also present, including Mrs. E. M. Haingrove, Miss Alleen Dyer and Mrs. Harry Thompson.

The subject of Mrs. Roy Newberry's paper was "National Libraries," and members responded to roll call with the name of a favorite book. During the business session one new member, Mrs. Albert Hopper, was taken into the club. Before departing for their homes the members and their guests spent some time socially and the hostess served refreshments.

The next meeting of the club will be on Tuesday, April 3, at the home of Mrs. J. E. Rawlings.

## DEATHS

### Merriman.

John Merriman, a well known farmer of the Oxville neighborhood, died at 4:55 o'clock Tuesday afternoon at Our Saviour's hospital, where he has been a patient since Saturday. The remains were removed to the undertaking parlors of Arthur G. Cody, where they were prepared for burial. The body will be taken to the family residence near Oxville today.

The deceased was born in Scott county on January 19, 1868. He was united in marriage with Miss Carrie Vannier who survives him together with seven children. Funeral arrangements will be announced later.

### FASHIONABLE COAT

The fashionable coat of the moment is the tubular, straight-line affair presenting an unbroken silhouette from collar to hem, and tied at the side with an unobtrusive bow.

London, March 21.—Conjurors are the detectives and judges of the Eskimos, says Julian W. Bilby, noted Arctic explorer, in a book on Eskimo life he's just finished.

## OLD JACKSONVILLE AGAIN THE ROCKWELLS

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

Last week under another heading, the O. J. article referred to Dennis Rockwell and family. This came into the writer's mind in connection with the sale of the old Rockwell place on West State street at the head of Diamond Court, and of this being the centennial of Morgan county.

At the early stage in our history Mr. Rockwell was one of our most prominent men—if not the best known one.

**A Correction**  
As has previously been stated, in this series of articles, the writer is very much averse to making mistakes, but had rather make a correction than to let a mistake stand.

Last week Mr. Rockwell's birthplace was given as in the state of Vermont. It should have been Windsor, Connecticut.

He was born June 30, 1793, and began his public career in 1819, as a clerk in the government land office in Washington, D. C., until 1818 the year when Illinois was admitted to the union when he came to Edwardsville, thus beginning with the state, as he afterwards did with Morgan county and Jacksonville. He remained there until 1823, when Gov. Bond appointed him recorder, and a notary public.

He was married to Miss Eliza J. Austin, daughter of J. D. and Sarah D. Austin, afterwards citizens here, Feb. 14, 1822. He came here soon after his marriage. His previous experience and ability and business connections eminently qualified him for official life. He became county clerk for twenty years, clerk of the circuit court, recorder and postmaster, besides holding other offices, some of which were named last week, sometimes filling two or more at the same time. He was recorder at the time the little shack of a court house was burned before the brick building was erected in the west corner of the central park in 1849. Mr. Rockwell happened to take

one of the books of record home with him the night of the fire and that was all that was saved of the county records here. During those early days Mr. Rockwell was

Cashier of the Branch State Bank here.

In 1851 he was appointed to a position in the land office in Washington City, which he held for three years, after which in 1854 he removed to Chicago and engaged in business.

**His Wife Died**  
January 16, 1857, a sad he married again, and removed with that lady to Raynham, Mass., in 1859. He remained there until 1856, when he came back to his old home here. This was his last residence, until his death August 14, 1868.

"Few men have been held in as high respect by our older people as was Dennis Rockwell and these lines have only suggested a part of what he was to our older people. He was survived by his second wife, a fine woman."

**He Had Four Children**  
by his first wife; three of whom, Austin, then a citizen of Auburn, Nebraska; Charles and William, then citizens here, who survived him.

**The House on State Street**  
was remodeled in 1872 and was not as attractive in a flat roof as it had been with the half story and its dormer windows.

The writer referred in the Journal of October 21, 1915, to the sons and their wives and their children, at considerable length. Austin died in Oklahoma City, at the home of his son, May 14, 1904, aged 82 years.

**Charles Died Here March 15, 1890**  
William died in Chicago, in August, 1907, and his remains were brought here for burial.

**Mrs. L. R. Frost**  
has now gone to Los Angeles, with her son Ernest, and the last member of one of our best families has gone.

## SCIENCE COSTS MORE THAN NON-SCIENCE

CLEVELAND, Ohio.—Business cost-accounting methods, applied to costs of a state university were described by Frederick J. Kelly, dean of administration of the University of Kansas, in a paper read here this afternoon before the Department of Superintendents of the National Educational Association. Dean Kelly used for his paper specific figures obtained in a detailed study of the year 1921-22 at the university of Kansas.

"One significant result of our investigation is the relatively high cost of laboratory courses," said Dean Kelly, "so high in fact as to challenge the science courses to defend their laboratory method. Another significant result is the relatively small cost of the larger classes, and still another result is the value of detailed cost figures in determining a budget for the next year."

The student credit hour, rather than the student clock hour, was adopted by Dean Kelly as his unit of measure, for the reason that American universities as a rule grant diplomas for the completion of four years of 30 credit-hours each.

It was determined that the cost per student, per student-hour in the various major schools of the University was: law \$5.97; art, sciences, \$7.41; education \$11.70; engineering \$14.01; pharmacy, \$14.21; medicine, \$19.41; University average, \$8.47.

Salaries directly chargeable to cost of instruction were shown to be 57 per cent of the total University cost over head; 34 per cent; general maintenance, 6 per cent, and special maintenance 3 per cent.

Student credit hour costs in non-laboratory courses were found to range from \$4.02 for economics to \$7.96 for French and \$12.46 for ancient languages. In the laboratory courses the student credit hour costs ranged from \$7.47 for geology to \$17.76. Averages for laboratory courses were \$10.72 and for the non-laboratory departments \$5.90. Costs for heat, light and janitor service was found to range from 23 cents per student credit-hour in history to \$2.57 for chemistry, averaging 54 cents in the non-laboratory courses and \$1.89 in the laboratory ones. "In other words," said Dean Kelly, "science departments require more than three times as much space, per student credit hour, as do the non-science departments. The most interesting aspect of this cost accounting study concerns its use in preparing the following year's budget."

## RUHR FOUNDRIES ORDER IRON FROM SWEDEN

Stockholm.—(By the A. P.)—Sweden's export of iron ore will not be materially disturbed by the Ruhr occupation, as was feared in some quarters, according to reliable information reaching Stockholm. The leading Swedish economic weekly Affarsvarlden (Business World) says it now feels reasonably sure that the large ore-consuming industry in the Ruhr area will be kept going, whether under German or French direction.

The Grangesberg Mining Company has announced conclusion of long time contracts for continued delivery of Swedish ore to German iron works, and in the

## WELL KNOWN COUPLE WILL MARRY TODAY

Miss Lucy Leake to Become Bride of W. T. Hardy This Afternoon

The marriage of Miss Lucy K. Leake of northwest of the city and W. T. Hardy of Lynnville will

be solemnized at 2 o'clock this afternoon. The ceremony will take place at the home of the bride's parents, Mr. and Mrs. Richard Leake, northwest of the city, and will be witnessed by only a limited number of relatives and friends of the bride and groom.

As indicated, the bride is a

daughter of Mr. and Mrs. Richard Leake and is well known in Morgan county, where she has spent all her life.

Mr. Hardy is a well known resident of Lynnville precinct and it is understood that he and his bride will later make their home in that community.

## The Leading Light Car at the Auto Show

The Dort Four, Always Popular in Jacksonville, is Now in Greater Demand Than Ever Before Due to the Newly Improved Body Lines

I don't know of a better value anywhere than the Dort Four. No car built not only to last for years but to give the utmost in riding comfort.

The body, built in the special Dort body building plant in Kalamazoo, combines elegance and comfort to a high degree.

The new nicked radiator and rounded hood have added much to the car's appearance. There is more and finer equipment. In every way it is a splendid value.

The staunch chassis for which the Dort Four has always been noted is

simple in construction with over-size parts where stresses occur. It is built not only to last for years but to give the utmost in riding comfort. The heavy, perfectly balanced crankshaft, special light weight pistons, light weight connecting rods, and other motor parts are especially designed to eliminate vibration. Some of the noteworthy features of its equipment are cantilever rear springs, semi-elliptic front springs, spiral bevel geared rear axle, Alemite lubrication and cord tires.

The powerful four-cylinder motor is one of the most reliable that has ever been built for a car of this type.

### ANNUAL I. C. INDOOR MEET THURSDAY NIGHT

Finishes Indoor Activities and  
Prepares Way for Outdoor  
Track Work.

The annual indoor interclass track meet will be held at Illinois college on Thursday evening at 8 o'clock. This meet practically finishes the indoor activities and is intended primarily to prepare the men for the outdoor work which begins in earnest following the Easter vacation.

The events which will be contested on Thursday night are

varied and offer excellent opportunities for display of speed, strength, stamina and agility. They are: 20 yard dash, 20 yard low hurdles, standing broad jump, 20 yard high hurdles, standing high jump, shot put, running high jump, obstacle race, throwing medicine ball, wheelbarrow race, knee climbing and potato relay race.

The juniors won the meet last year and they are hopeful of repeating the performance this season.

Dr. and Mrs. C. E. Scott have returned from a ten days visit in Chicago.

# BUSINESS MEN SUBSCRIBE MORE THAN HALF OF FUND FOR HOTEL

## GREAT ENTHUSIASM SHOWN AT MEETING HELD TUESDAY NIGHT

Everybody Present Had Part in Making Total of \$105,900—Confidence Ruled and Record Keepers Had Hard Time in Listing Subscriptions as Fast as Made—Community Campaign for Remaining Fund Needed Will be Made at Once

A new and modern hotel for Jacksonville is assured. At a gathering of business men interested in the project held at the Pacific hotel last night in a very short time \$105,900 was subscribed toward a stock subscription of \$200,000.

This morning 15 teams of business men will meet at the Chamber of Commerce rooms, apportion the names of prospective subscribers and proceed with the canvass for stock. If the speed of Tuesday night is at all maintained the total of subscriptions necessary will be secured before the close of this week.

The proposal is to build in Jacksonville a hotel to cost approximately \$400,000. It will be a structure in which every citizen of Jacksonville can take pride, the best moderate sized hotel in Illinois, a genuine advertisement for Jacksonville. It is to be a community enterprise, and the expectation is to secure stock subscriptions from hundreds of citizens.

The financing method will be the issuing of bonds to the extent of \$200,000 and stock to a like amount. Of this stock as indicated, nearly \$106,000 was subscribed last night in just about an hour's time.

It was the peopled meeting of J. W. Walton, with Harold Welch the kind that was ever held in Jacksonville and would not have been possible a few years ago. One Jacksonville citizen explained it in this way, when he said, "Well, it was the most wonderful gathering of the kind that I have ever seen in this city. A few years ago we began to have confidence in ourselves. Tonight we have fully evidenced that we have confidence in each other. It would not have been possible without this confidence. Everybody is full of zeal for this community enterprise. No one has a single selfish thought about it, yet every one realizes that the whole community will benefit from this hotel project."

An excellent dinner was served at 6:30 o'clock by the Pacific hotel management. The tables were attractively spread and each man found at his plate a carnation, the gift of the Hofmann Floral Co.

At 8 o'clock Henry Frisch as chairman called for order. He briefly explained the purpose of the gathering and indicated that some permanent organization should be effected. On motion of L. F. Randall with a second by R. T. Cassell, Mr. Frisch was chosen as the permanent chairman, and the members of the executive committee who have been directing the hotel project up to this time were selected to continue as the executive committee. The membership in addition to Mr. Frisch includes M. F. Dunlap, E. E. Crabtree, H. M. Capps, H. J. Rodgers, John W. Merrigan, R. Y. Rowe, Harrison King, and

Reviewed Movement  
Mr. Frisch reviewed briefly the facts about the movement for a hotel and then called upon several men, who emphasized both the need and the value of a new hotel. The list of speakers included E. E. Crabtree, State Auditor Andrew Russell, Dr. J. R. Harker, M. F. Dunlap and H. M. Capps.

Then the subscription plan was outlined and the group was ready to begin subscription making. As Mr. Frisch was suffering with a severe cold he asked Mr. Crabtree to preside during this part of the program. Subscriptions came in so rapidly that the record keepers could hardly keep pace with the subscribers.

The first subscription was made by Mr. Dunlap for \$2,000 and about 25 other subscriptions of like amount were recorded in a few minutes' time. R. T. Cassell extended the limit by making his subscription \$2,500.

From the \$2,000 figure the amount gradually reduced until the \$100 shares were reached. Every one of the \$5 or 90 men about the tables subscribed toward the fund, each according to his own views. Mr. Russell and Mr. Dunlap vied with each other in making additional subscriptions for members of their families. The example was quickly followed and the initial subscriptions of various individuals or firms were augmented by still other subscriptions given for wives, sons and daughters, sisters and grandchildren.

Everybody Confident

There was not a man present who failed to get into the spirit of the gathering and every subscription, whether it was \$100 or \$2,000 brought its round of applause. It is really safe to say that there never was before such an enthusiastic subscribing gathering in Jacksonville, and the best part of the story is that such enthusiasm is certain to beget other enthusiasm. Jacksonville business men with confidence in themselves, in each other and in the city will tackle other forward projects and push them thru with this same fine vim and vigor.

Read the list of subscriptions already made and you will get a very definite idea of the interest shown. No effort has been made in the list to consolidate subscriptions and therefore the names of a number of subscribers appear more than once. Neither has an effort been made to have the subscriptions appear in exact order as to amount.

### GIVE CONCERT IN CHICAGO

(From Chicago Tribune)  
There was a second generation of famous musicians at Lyon & Healy where Olga Sapio pianist gave a joint recital with Beatrice Horsburgh, pianist. Miss Sapio is the daughter of Ignazio Sapio, who, unless the records are wrong, was the first conductor to raise a baton in the Auditorium, and of Clementina de Vere, a brilliant soprano of some years ago. Miss Sapio and Miss Horsburgh played well individually, also in conjunction.

### COLLEGE BAND PLANS CONCERT ENGAGEMENT

Expect to Play in Carrollton Friday and Greenfield Saturday Evening—Will Feature Saxophone Quintet

The Illinois College band will play two concerts engagements Friday and Saturday evenings of this week. On Friday afternoon the band, consisting of thirty pieces, will leave for Carrollton, where they will play in the evening under the auspices of the high school of that city.

On Saturday evening the band will appear in a concert at Greenfield, also under the auspices of the public schools of that city. Good work is expected from the college musicians, as they have been working persistently for several months.

The band is featuring a saxophone quintet, which will give some star numbers for the concert program. The quintet consists of Robert Brown, Arthur Scheele, Rura Ball, John Seno and George W. Harris. Ollie aPrker is the vocal soloist for the organization, and will appear in several concert numbers. J. Bart Johnson is director of the band. This is the first concert tour the band has attempted, and the boys are confident of success. The band has appeared locally many times and has always met with hearty appreciation.

### DISASTROUS FIRE IS NARROWLY AVERTED

Fire started in Ray Hotel in Mercedosa Tuesday Afternoon—Brought Under Control With But Little Damage.

Mercedosa, March 20. — Fire which started in the Ray hotel this afternoon, damaged the building considerably and the hardware stock of L. F. Berger in an adjacent store room also suffered damage from water before the flames were under control. It is estimated that damage to the hotel building will amount to several hundred dollars but no estimate could be made on the Berger stock. The loss on both building and stock is fully covered by insurance.

The blaze started in the first floor of the hotel presumably from a defective chimney and quickly spread to the second floor. Prompt action by citizens soon brought the flames under control and averted what might have been a disastrous conflagration.

### TELEPHONE CASE HEARD TUESDAY

J. Marshall Miller was in Springfield Tuesday where he presented the case of the patrons of the Arenzville Home Telephone company before the Illinois commerce commission.

This is the case wherein residents of Concord and Arcadia and adjacent territory are asking that they be allowed to connect with the Illinois Telephone company of this city.

It is alleged by the patrons that the service is not satisfactory and no complaint was made as to rates. The commission after hearing the presentation of the case took the matter under advisement.

The difference in cost pays you big to call on us. Unloaded this week, 2 cars fence; car bale ties; car tanks; steel fence posts; Emerson Farm Implements; Red Jacket Pumps. We always save the freight by obtaining car loads; no local freight cost.

ILLINOIS COLLEGE  
MEN'S GLEE CLUB

March 26th, in Concert High School Auditorium

The announcement of the concert to be given by the Men's Glee Club of Illinois College in the High School Auditorium March 26th at 8:15 p. m. will come as a delight to the large number who have expressed keen interest in the progress of the club during the winter and looked forward to this event.

Mr. A. L. Lovejoy, director of the Glee Club, needs no further introduction to local music lovers as a choral director than a reference to the successful concerts given within the past few weeks under his leadership, by the Elks Male Chorus, The Girls Glee Club of Illinois College, and the College Chorus of mixed voices given March 8th.

The personnel of the Glee Club is composed of twenty-five college men, many of whom are pupils of Mr. Lovejoy. They have rehearsed regularly all winter and are now putting on the finishing touches of what promises to be one of the most entertaining concerts ever given in this community. The program is high class throughout, but varied sufficiently through comedy and special numbers so that it should make a wide appeal.

Three soloists from Illinois College Conservatory will assist the Glee Club: Miss Eloise Capps, instructor in the violin department plays with warmth and a finished technique that makes her highly deserving of the popularity and recognition she has received in her community.

Miss Ruth Melba Armstrong also an instructor in the Conservatory, is sure to delight lovers of music with her rich contralto voice of wide range and colorful effects.

Mr. Robert V. Shaw, manager of the Glee Club, and who will also appear as soloist, possesses a lyric tenor voice of wide range and superior quality that cannot fail to make a wide popular appeal.

In short, the Glee Club is equipped in every way to present a program of real merit and one that should delight an audience of varied as well as high class tastes. It is believed that this will prove to be one of the most successful events of the season and is deserving of large patronage.

## DR. HILL APPEARS

## BEFORE COMMITTEE

Dr. E. L. Hill, superintendent of the Jacksonville state hospital, appeared yesterday before the state budget committee at Springfield. He told the committee that the appropriation allowed to the hospital by the legislature in the bill recently passed, was sufficient for the needs of the institution for the next two years. However, the sum granted to the hospital is not sufficient for any new buildings or considerable improvements of any sort.

## FARMER SUFFERS

## MENTAL COLLAPSE

Lee Mason, a farmer residing  
north of this city, was taken into  
custody by sheriff's forces Mon-  
day night, after he is alleged to  
have made threats against some  
of his neighbors. Mason was at  
one time a patient at the Jack-  
sonville state hospital, from  
which he was paroled last sum-  
mer. It is believed that he is  
again suffering from mental  
trouble.

Mason told Sheriff Wright  
that he purchased a new 32 cal-  
iber revolver in town last Sat-  
urday, and this was found in his  
possession. He will be given a  
hearing today and will probably  
be recommended to the state hos-  
pital.

## J. F. Claus Motor Co. have

sold to the Franklin, Ill., Com-  
munity Club Superior 1923

Four Door Sedan to be the

chants.

## NEGRO IS ARRESTED

## ON SERIOUS CHARGE

Eddie Brannum, colored was  
arrested by county authorities  
Monday afternoon, on a warrant  
charging him with wife abandon-  
ment. He was placed in the coun-  
ty jail, and will be given a hear-  
ing on Friday of this week.

Sheriff's forces also took into  
custody Monday evening Joe Ho-  
gan of the Chapin neighborhood,  
who is charged with passing cold  
checks on Jacksonville firms. Ho-  
gan is said to have cashed  
worthless checks to the amount  
of \$18 in this city.

## SHERIFF'S SALE

I will offer at public sale  
at the building of the Jack-  
sonville Transfer & Storage  
Co., 607 East State St., Wed.,  
March 21st at 2 P. M., con-  
sisting of a large quantity of  
Household Goods.

T. O. WRIGHT, Sheriff.

## WILL GO EAST.

Mrs. John Corrington and her  
brother, Eugene Fitch, expect to  
leave Thursday for Cambridge,  
Mass., where they will join Mr.  
Corrington, who is a student at  
that place.

## CHALLENGER

Miss Ida Schnall of Brooklyn,  
N. Y., has issued a challenge to  
Mme. Jeanne La Mar, French  
"featherweight champion," to a  
bout to the remnant champion-  
ship. Photo shows Miss Schnall  
indulging in baseball practice to  
get in shape for the bout.

SUCCESS DISCUSSED  
AT HI-Y MEETING

The Jacksonville Hi-Y club  
met last night at Congregational  
church. After a fine supper  
served by the ladies of the church,  
justice was administered to Ed-  
ward Moy in the form of "slap-  
eratus."

The topic for the evening was  
"Success and Riches." Following  
a brief discussion on the subject  
by Director Vasconcellos, a paper  
culled from Bacon's essay on  
Riches was read by Clarence Li-  
gram. A report was given by  
Kenneth Rawlings which was  
based on 4th Matthew. The pro-  
gram was closed by a paper on  
"Belief as a Factor in Success,"  
by Robert Brown.

Next week the topic will be  
"Religion" and will include such  
discussions as "Would it be pos-  
sible to have the same idea of God  
as a civilized man?" and "What  
is meant by a man's religion?"

BARR RETURNS FROM  
STATE CONVENTION

O. N. Barr of Barr's Laundry,  
returned Tuesday from Decatur  
where he attended the annual  
meeting of the Illinois State  
Laundrymen's convention. Mr.  
Barr reports an unusually large  
attendance with very instructive  
sessions.

While away Mr. Barr placed or-  
ders for two thousand dollars  
worth of new automatic presser-  
ironers.

## THE PROBLEM OF THE SHORT HAUL ROAD

At the hearing held yesterday before a committee from the Illinois Senate with reference to the C. P. & St. L. and other short haul roads Mayor E. E. Crabtree was present by invitation and was one of those who expressed his views on the subject. Mayor Crabtree in his statement gave an interesting review of some local rail road history. He said in part:

In 1869, with local capital, 18 miles of railroad were built from Jacksonville to Waverly, Ill., then called the Farmers Road, later the Jacksonville Southeastern and year by year was extended until by 1893 it comprised a system extending from St. Louis to Chicago, dividing into two branches via Springfield and Jacksonville. The panic of 1893 caught the officials in an expanding position, through building a bridge across the Illinois river at Havana with the aim of building to St. Paul. I have always felt that if there had been some way to bridge over that financial chasm of a few months, the J. S. E. system would by this time have been one of the large trunk lines and we might not have been here today talking of the C. P. & St. L. because that name designates what is left of the old J. S. E. system.

Nevertheless, since the day of its beginning this road has served the community through which it has passed. Villages and towns have bulged around it, grain elevators, factories, and stores have sprung up, land values for miles around have increased from small amounts, to several hundred dollars per acre, prosperous and contented families have lived peacefully with the expectation and hope that the reward of their labor would be a continuation of the development of the country made possible only by easy transportation.

The Federal and State Governments have indicated fair treatment, by the appointment of the

Interstate Commerce Commission and the Illinois Commerce Commission.

What is fair treatment? What duty does the Government owe in such cases? Does it mean the guarantee of protection with transportation by rail or by some new method? Does it mean the enactment of laws favorable to this class of business, does it mean certain kinds of regulation to other classes of transportation, like the truck, or does it mean by subsidy? I am sure that the thinking man does not mean the latter.

Or does it mean that we are entering a new era of transportation.

We have gone through many changes in the last 100 years, and it may mean the survival of the fittest. We have seen the Electric Light crowd out the candle, modern self binder crowd out the cradle, steamboat crowd out the canoe, railroad crowd out the steamboat, auto crowd out the horse. And now, is the auto via the hard road going to crowd out the interurban and railroad?

These troubles may right themselves in the law of business competition, but many millions of people may suffer financial ruin in the transformation.

In the meantime, hard roads are being built, and rightly they should be, people are accustomed themselves to travel short distances by auto to the detriment of the interurban and the railroad, and yet the public expects and demands that when the earth roads are impassable, that there shall be a train of comfort and speed to take them.

The war upset all methods of business and finance, the Government took over the railroads, directed freight via the most direct route, which was not generally over the small road, short haul roads were allowed to deteriorate, trade was lost to them; then the Government turned them back not only to suffer but causing the people to suffer.

Corporation financiers in the past generation performed many public abuses, and their children are now suffering for their sins, but I sometimes wonder how an organization can exist when it is neither the buyer nor the seller, when the price of labor, the rate of transportation and many of the official acts are fixed for them.

One road by reason of its favorable location or territory traversed, or superior management, might be able to make money by hauling freight or passengers when another road might starve. This system leaves the small road at the mercy of the more fortunate one.

A rail official is authority for the statement that it takes an average 80 acres of land to produce one car of freight annually, therefore a 10 car a day coal mine is many more times valuable from an earning capacity than a large farm, area, and yet agriculture is the basic industry of our nation.

We are an impatient people, that has been our success; but it keeps us in a frame of mind that when we want something we want it at once. We want our auto, our hard roads, and our train service. I was interested to know to what extent the auto was hurting the train service, so I asked one of the railroads traversing the State from east to west and from north to south and here is the reply:

"For some time the railroads have felt the effect of the automobile traffic on their local freight and passenger service. The question of operating local passenger trains has become very serious. Operating expenses have doubled within the past few years; the volume of traffic and earnings continue to show heavy decreases."

Below is a fairly accurate statement of the number of passengers carried between Illinois points for the years, 1917-1921:

1917—1,590,948.  
1918—1,347,348.  
1919—1,466,325.  
1920—1,452,042.  
1921—1,281,032.

"Under normal conditions we should have handled in 1921 over 2,000,000."

"Between Quincy and Clayton for the year 1920 where there were no trucks operating, we handled 98,811 pounds of L. C. L. freight; for the year 1921 when trucks were in operation this traffic dropped to 43,024 lbs., and no doubt the drop for 1922 is much greater."

In addition the taxes increased as follows:  
1917—\$478,512.48.  
1918—463,901.97.  
1919—561,750.97.  
1920—648,907.98.  
1921—741,496.75.

The C. P. & St. L. does not as yet come into competition with hard roads but it seems to me that all of these elements must be considered because it will in the course of time.

I hold no brief for the railroads, and I blame them for many things but if I understand this meeting, it is an open forum and looks forward to relief and remedy for the general transportation system. There will be other C. P. & St. L.'s during the next 10 years unless some construction program can be found.

A Remedy  
Up to the minute, this is all theory, nothing but what everyone knows. This committee has called us here today in the hope

that out of a multitude of ideas, it may gather material for a report that will be of service to generations to come. I am sure I cannot solve the problem, I am here because I was asked.

It is a subject of vital interest to the banker and to the municipal executive. The financial future of the banker's customer is at stake, whether that customer is farmer, laborer, elevator man, merchant or resident.

The municipality depends on easy transportation for its very life. In my official capacity I have found that the average citizen has much to learn. He has been taught by prosperity and by the promises of the politician to expect more than he is willing to give. He is entitled to service but he must know that service costs money. This demand for service exists in the public mind toward the transportation company to the extent that the public gives little thought for the feelings or the pocket book of the corporation.

There is unfortunately a feeling of the public toward the corporation very similar to that of labor versus capital. It is a lack of understanding of each other.

The corporations are beginning to learn that their success depends upon pleasing the public. The public is beginning to learn that corporation officials are human beings and that cooperation is the only word in the dictionary that will solve these problems.

In my official capacity I have been determined to be fair to the people, to always stand for them first, but at the same time to make no unjust requests of the corporation, and when a request was made to make them realize that the request was just, and was done with a spirit of helpfulness for community and corporation.

The Interstate Commerce Commission is now studying the transportation disease and the March number of the Railway Age carries a discussion relative to railway consolidation. H. H. Holden advocates a plan of grouping a strong road with a number of weaker ones. The C. P. & St. L. is in a group with the Southern Pacific at the head. This would solve the C. P. & St. L. troubles for years and probably forever.

There is some opposition, even in railway circles to this one president even calling it Socialistic.

Hard roads are a necessity, we want them and must have them, but it might be wise until the country becomes more normal, to spend our time building roads that do not parallel the railroads. Patrons of the C. P. & St. L. no doubt would be willing to pay an increased tariff to the extent that the road might make a profit, which brings one back to the question, should all roads be regulated on the same basis by the Commissions?

The Legislature has seen fit to pass laws for city planning and zoning, giving municipalities the power to regulate certain districts for designated purposes. It has said, that the cities can say that objectionable businesses, or buildings may not be built in certain places. Is it not time that the State should create a State plan, whereby it can have something to say about how it should grow up, for the comfort, prosperity and development of the future.

A hand is not a well developed part of the human body unless it has fingers and a thumb. A well organized business looks after its every department.

We want the railroad, the interurban, the hard road, the automobile, and the truck but it is possible we want to find a way that they will not hurt each other.

These are the various departments of the transportation arm of the State, the State has the right and should analyze them in their relation to each other. This committee has plenty of work and thought ahead of it.

**HERMAN'S ANNOUNCEMENT—THURSDAY—THE DAY OF OUR FIRST EASTER OPENING DISPLAY OF LADIES' AND MISSES GARMENTS AND MILLINERY AT OUR NEW BUSINESS HOME 215-217 EAST STATE STREET. WE OFFER \$1.00 OFF OF EVERY \$5.00 PURCHASE. EVERYBODY INVITED TO PARTICIPATE.**

### HERMAN'S

#### CARD OF THANKS.

We wish to thank the many neighbors and friends for the many acts of kindness shown us in our recent bereavement of our loving husband and kind father, also for the many beautiful flowers.

Mrs. B. F. Buchanan and Children.

#### IS SERIOUSLY ILL.

Jewel E. Scott went to Franklin Tuesday to visit his father, Jonie W. Scott, who is seriously ill at his home there.

#### WOULD RATHER FIGHT THAN WORK

"I suffered for years with stomach trouble and could not eat and just hated for anyone to say work to me. I would rather fight. Since taking a course of Mayr's Wonderful Remedy I actually want to work, and talk about eat, I am the last one to leave the table now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

## LITERBERRY MISSION CIRCLE PLANS MEETING

Mission Circle of Literberry Church Plans Annual Open Meeting—Revival at Baptist Church Closes—Other News Notes.

Literberry, March 20.—There will be an open meeting of the Mission Circle at the home of Mr. and Mrs. John Guy on the fourth of April, the first Wednesday of the month, in the afternoon. Menu committee, Mrs. J. A. Litter, and Mrs. William Brown. Each member will furnish some part of the refreshments and have the privilege of inviting one person. There will be a missionary program and some good songs.

Rev. and Mrs. J. R. Reynolds of Huntington, W. Va., have closed a very successful two weeks' meeting at the Baptist church. Sunday morning the text was "The Fiery Furnace," from which was preached a powerful sermon. When the evangelist called for a consecrated service, twenty-two persons came and knelt at the altar while Rev. Mr. Reynolds offered a very touching prayer. There were no additions to the church, but the church membership heard and re-

ceived the old time religion and there is a spiritual uplift in the church. Mrs. Reynolds stands side by side with her husband and is a mighty power in her quiet Christian life and in her wonderful help in the music. The community has been blessed in having these consecrated people among them. Twenty-two consecrated Christians who have dedicated themselves to better service for Christ, ought to mean something to Literberry. Rev.

Mr. Reynolds and wife have the love of the people and from here with kind wishes for all. They go to Alsey next, hold a meeting for Rev. Will Johnson.

During the revival, the evangelists were nicely entertained the comfortable home of Mr. and Mrs. J. A. Litter of Orchard Park. Brother Reynolds speaks highly of the kind hospitality of the Litter home.

ACTUAL CASH WHEAT  
SALES FINISH BETTER

Chicago, March 20.—Actual  
sales of wheat today in the cash  
market here finished 3c better,  
with premiums and discounts  
unchanged. Cash sales here were  
13,000 bushels. Sales of 10,000  
bushels were made to go to store  
here. The seaboard reported  
600,000 to 700,000 bushels work-  
ed for Europe mostly Manitoba.

A report said some Durums was  
worked and half bids were high-  
er, averaging \$1 over Chicago  
May. Omaha reported a Chicago  
house bidding strongly for No. 2  
hard wheat to come here.

Demand for corn was good  
with prices 1/4c better. Re-  
ceipts were light and premiums  
on No. 2 grades were unchanged  
whereas discounts on No. 3 and  
No. 4 were from 1c to 3c better.  
Cash sales here were 85,000 bush-  
els, including 25,000 bushels to  
exporters.

The seaboard reported 200,000  
bushels corn worked for Europe.  
Sales of 25,000 bushels were  
made to go to store here.

Oats finished 1/2c higher in  
price. Trading basis were un-  
changed.

**CHILDREN'S PARTY GIVEN AT MEREDOSIA**

Little Anna Christine Burdick Celebrates Seventh Birthday—Other News from Meredosia.

Meredosia, March 20.—Little Christine Burdick celebrated her seventh birthday Monday. In honor of it the little girls of the first grade were invited to her home where they were pleasantly entertained from three to five. The decorations were in yellow and white and dainty refreshments of cake, cream and fruit were served.

Mrs. George Williams and Miss Adeline Davis went to Jacksonville Friday evening, and remained over Saturday.

Miss Lornie Weber came down from Jacksonville Monday for a visit with her home folks.

Emil Brockhouse of Beardstown spent Friday here returning in the evening accompanied by his wife, who had spent the week here.

Ed Dennis of Perry Springs was here Monday.

Hugh Sargent and wife were Springfield visitors Tuesday.

Harry Test returned home Monday from Beardstown where he has been at the bedside of his father, who is seriously ill.

Harry Underwood of Golden was a visitor here Sunday.

Donald Pond and wife and Frances James were Jacksonville visitors Saturday night.

Mrs. Fred Hall returned to her home in Springfield Saturday night after several weeks stay at the home of Mr. and Mrs. W. A. Schmitt.

Mrs. Charles Bonnett of Bluffs spent Sunday with relatives here.

Mrs. Lena Orr of Bloomington spent Sunday and Monday with relatives.

Miss Gladys Vanderlip returned home Saturday from Jacksonville where she has been a patient at the Passavant hospital for several months.

Three separate divisions of work at the camp are maintained, the Junior Reserve Officers Training Corps, the Summer School and the Junior Camp. Plans are on foot for a larger camp this year than ever, and the superintendent of schools has been asked to place the information in reach of the Jacksonville boys, so that they may become interested and plan to attend the camp during the coming summer.

Information and Comments on Work at Camp Received at Local High School—Want Many Boys from Jacksonville to Attend

Preliminary information regarding Camp Roosevelt, which so many local boys attended last summer has been received at the high school. The circulars sent out by the Chicago Board of Education, under whose auspices the camp is maintained, contain a number of letters of appreciation for the work of the camp last summer, among them one from a Jacksonville citizen.

Three separate divisions of work at the camp are maintained, the Junior Reserve Officers Training Corps, the Summer School and the Junior Camp. Plans are on foot for a larger camp this year than ever, and the superintendent of schools has been asked to place the information in reach of the Jacksonville boys, so that they may become interested and plan to attend the camp during the coming summer.

**ROODHOUSE MAN IN MINNESOTA**

Conductor David H. H. is Undergoing Treatment at Mayo Hospital—Other News from Roodhouse.

Conductor Dave Harris is at the Mayo Hospital at Rochester, Minn., where he is undergoing examination and treatment.

Bert Todd arrived home Thursday last week from a Jacksonville hospital, where he recently underwent a severe surgical operation. He was up town Wednesday for the first time since his return home.

Three young ladies of Roodhouse high school seniors have already enrolled at the Woman's college at Jacksonville, as students for the term of 1923-1924. They are Misses Allene Barry, Irma Hunt and Alice Deasy.

Jesse Smith, foreman at the Eli shops in Jacksonville, underwent an operation for appendicitis at Passavant hospital Wednesday. He is doing as well as could be expected. The surgeon stated his was a bad case.

Mrs. Anna Richards and William C. Smith went from Roodhouse to be present during the operation.

John R. McConathy was in Upper Alton Tuesday attending a meeting of the board of trustees of Shurtleff college. Mr. McConathy is a member of the board.

Miss Helen Schott was a week end visitor at home from Lindenwood college, St. Charles, Mo. Misses Henrietta Ruyle, Mary and Martha Fitzpatrick were also at home over Sunday from Normal.

Dr. Roy C. Edwards left for his home at Shawnee, Okla., last Sunday afternoon. He spent last week here with his brother, Dr. O. T. Edwards, and renewed many old acquaintances. A few weeks ago he went to the Mayo hospital at Rochester, Minn., and his visit here was a stop over while enroute home from that institution.

C. M. Scriven of Towner, Colo., is spending the week here with his sister-in-law, Mrs. W. H. Saffey, and family.

Jack Worcester has scarlet fever.

A CORRECTION.

The Journal was in error in regard to the names of those who had charge of the flowers at the funeral of Thomas Delaney Monday morning. The corrected names are: Mrs. Patrick Dowling, Mrs. John W. Clary and Miss Julia McAvoy.

LEAVE HOSPITAL.

Sylvester Groce was able to leave Passavant hospital Tuesday and return to his home at Winchester.

Mrs. D. V. Clark, who has been a patient at Passavant hospital for sometime, has returned to her home at the Colonial Inn.

CLUB TO MEET.

The North End Social club will meet this afternoon at the home of Mrs. Joseph Wheeler, 989 North Prairie street.

INTRODUCING  
**HICKEY-FREEMAN**  
Customized  
**CLOTHES**

WELL dressed men of this city invariably associate our name with clothes of the highest character. Therefore when we announce a brand of ready-to-wear clothes surpassing any we have hitherto shown, it will generally be conceded that they must be clothes extraordinary.

We wanted to give our patrons the finest clothes obtainable. We set a high standard—we sought clothes as near perfection as human skill could reach. We examined brand after brand. Our final choice was HICKEY-FREEMAN CLOTHES.

The first shipment has just arrived, and our expectations have been more than realized. In all our experience as clothiers, we have never seen finer clothes and we know the men of this city will be as keen about them as we are.

Hickey-Freeman Clothes are the equal of the finest custom tailored clothes in the land. Every vital part is shaped and molded by hand. This is the secret of their remarkable fit, fine finish and enduring satisfaction. May we show you the new Spring models?
